SAVE THE CHILDREN!

Dr. Washington Gladden's stirring appeal to the boys and girls of Columbus to show their colors on the Sunday saloon question is answered today by the children in an avalanche of signatures protesting against the Sunday saloon. The Dispatch promised to open its columns to the children and it keeps its promise today. There is no cause for commiseration—the vast fields of characteristic signatures, and the hundreds that could not be reproduced in fac-simile, tell its own story, and point its own tremendous moral.

JUST LOOK AT THAT AWFUL RIVER FRONT!

"THE NATIONAL HIGHWAY, THE ROAD USED MORE BY TOURISTS THAN ANY OTHER IN AMERICA, CROSSES THE RIVER AT BROAD STREET — IT IS WORTH WHILE TO LEAVE A FAVORABLE IMPRESSION OF OUR CITY UPON THE THOUSANDS OF STRANGERS WHO TRAVEL THIS HIGHWAY — IT IS MORE THAN WORTH WHILE TO KEEP OUR OWN SELF RESPECT, CLEAN UP THE RIVER!"

DO-NOTHING CONGRESS

"Ye See, Buddy, All Them Fellers Come First"

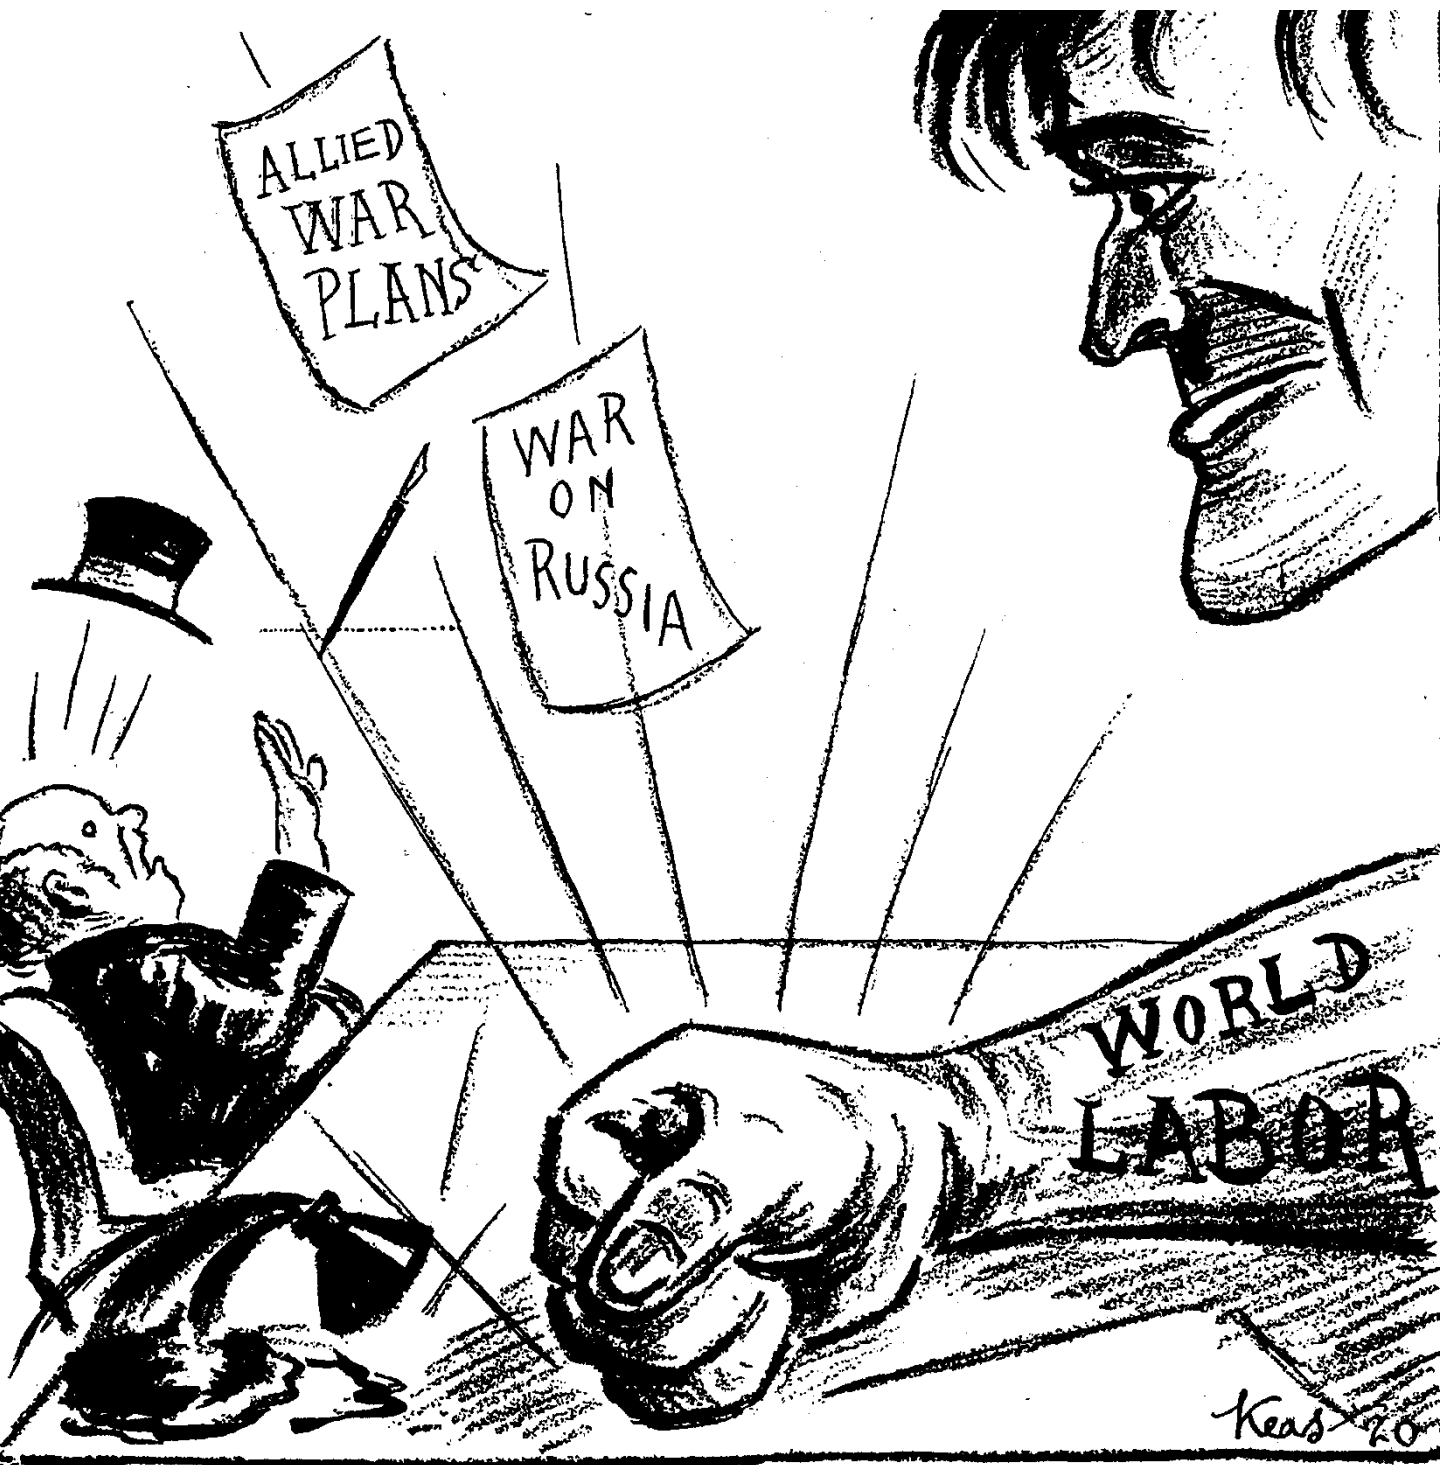

Before going "over there" the soldiers were made to believe that the government would "do something" for them upon their return. It did. It neglected them. They have received neither bonuses nor lasting jobs. The picture tells why.

BEYOND REPAIR!

The year 1920 has been marked by black reaction. Significant of its baneful rule was the complete and indisputable destruction of all Constitutional liberties such as free speech and free press. The artist here depicts how completely is the destruction of the supposed citadel of American "liberties" and the influences which caused it.

WHO SAID WAR?

Only the antagonism of Labor has prevented the Allied war plans against Russia from going through. Even against a united protest they have aided in an underhanded way every counter-revolutionist who has turned up. Labor is sick of capitalist wars. We have prevented war upon Russian workers. We must also prevent capitalists from driving us into war with the workers of other nations.
